## August 2017

### Hot August Nights

It may be considered hot August nights, but July has certainly brought many warm days, and nights to enjoy the water. The water is warming up nicely, and it is looking a little clearer from the previous winter runoff from the mountains. Family and friends making memories that you never forget, it couldn't be better.

Before we get too far into the month, or the news, we wanted to thank you all for voting Owl Harbor Marina as "Best of the Delta 2017"!! We won this prestigious award that was voted on by our friends, tenants and guests. We are truly honored.

August is starting out with our Annual Dinghy Poker Run (more information on page 2) and then we have a fun Fishing Tournament. I've heard through the grapevine that the fish are finally biting, so it should make for a fun day.

Thanks for for being a part of our family,  
Devery, Max, Abby,  
Stephanie, Twitchell and  
Capt. Jack Sparrow

Gather your fishing rods and best bait! We will start by meeting at the clubhouse at 9:00 a.m. with breakfast goodies to give you the strength to fish all day, and go over the rules of the game.

This will be a catch and release tournament with prizes for the following categories:

## **To Drone or Not to Drone**

**In today's fast tech world, we now have to review and consider many things in respect to the community we all enjoy here at Owl Harbor. One of the recent items we had not thought about is: Can a person fly a drone on the marina property?**

Our initial thought when first approached to fly a drone was "wow, how cool is that?" Then with more research, consideration of people's privacy, and the feeling of being watched or taped, it became apparent that we needed to address this new phenomenon.

There are California laws in place that establish policies for this, but to keep things simple, which is always better for less misinterpretation, we decided that Drones are not permitted on the marina property for flying.

We apologize for this inconvenience, if you have any questions, please feel free to call or email me (Devery) to discuss.

## **Road and Highway Closures**

If you haven't noticed, or just haven't been on any main roads, California is working on many of these areas widening, patching or finally repairing heavily used roads. I am emailing out notices every time I receive an update. If you have missed the most recent, here you go. **55-HOUR FULL HIGHWAY CLOSURE STATE ROUTE 12 BETWEEN SR-160 AND I-5 - August 4-7, 2017**  
Stockton – The California Department of Transportation (Caltrans) will close eastbound and westbound State Route 12 (SR-12) between SR-160 and Interstate 5 (I-5) for construction work beginning at 10:00 p.m. on Friday, August 4, 2017, through 5:00 a.m. on Monday, August 7, 2017.

## ***VEGGIES FROM THE GARDEN***

It has been a whirlwind of delicious goodies from the garden. The fun part has been Kurtis's taste tests on Saturdays, but once again, the veggies will be changing soon to the next season's crop.
