## JULY 2024

### Happy 4<sup>th</sup> – Summer is Here!

July is here, and with a vengeance! Apparently, the weather Gods decided to give us a reason to be in and on the water – hope you are participating. The good news for us is the incredible “Delta Breeze” is doing its job.

The swap meet in June was a huge success, and the best one to date – great sellers (they wanted to get rid of their goods) and great buyers (got to get items for great prices, and free). The weather was perfect, the hot dogs, Mexican corn and coffee all sold out.

We have a full marina, so please keep in mind that with more boats; people, kids and pets will follow. Be sure to remind your guests of the ever so “strict” 5mph while driving in the marina. We want to be sure everyone has a good visit, or stay, without incidence.

We are excited for the annual tenant BBQ and Dinghy Poker Run; hope you can make it, there should be something for everyone.

Looking for places to visit, stop by and we will share some of our clients favorite places to visit.

Happy Summer, and enjoy!

My own thoughts from last year...

What I liked about attending the seminar last year is that it increased my confidence in sailing. Whenever I've sailed, it has been with my husband, Bill. I tend to rely on his knowledge and experience when I am with him and don't feel like I need to own it myself.

By attending the seminar, I gained confidence in my own abilities and improved my knowledge. It's important that I have that confidence in myself in case there is ever an emergency where I have to handle the boat myself. Plus it is just fun!

I am helping to organize the boats that are shared. I would love for some friends from Owl Harbor to come as well!

Thank you, Merrilee, for sharing your experience and enthusiasm for this event, September 27<sup>th</sup> – 29<sup>th</sup>. If anyone is interested in more information, check out: [womenssailingseminar.com](http://womenssailingseminar.com) or contact us, here at Owl Harbor.

Catch a Sail ~ Shade the Sun

Zepp Sticks® is an innovative and cost-effective system for **furling and stowing a sailboat's mainsail**. The system is simple, lightweight, easy to use, and reliable.

Zepp Sticks are designed to be independent of the mainsail, allowing you to have **full sailing efficiency** without the performance compromises or limitations of other complicated and expensive **furling systems**.

We were excited to have Eric, the inventor, at our Swap Meet with a sample of the shade.
