# OCTOBER HARBOR HOOTS

**~FALL NEWSLETTER~** **~ISSUE #4~**

Thank you for keeping your boat at Owl Harbor Marina! We've got some fun things planned for this fall. Pam and Vince are organizing the next Owl Talk! We're focusing on the Great Loop, and since we're west coast boaters, hearing about the adventures of an Owlie couple on the east coast should be really interesting. Please join us! The much anticipated Nautical Book Club is officially called to order as well.

Take advantage of the mild weather and come check your dock lines, secure your canvas, and get ready for winter. One of the great things about being in the Delta and Owl Harbor, especially, is the beautiful rural views and sense of isolation. As the temperatures drop, mice are looking for a dry place to spend the winter. Please check your boats. The best way to protect them is to keep those buggers out of the boats in the first place. Plug any holes, check screens in dorades, and inspect the anchor chain and blower vents—these are common entry points. We're adding Owl Boxes and doing our best to mitigate what we can.

Clean boats and good neighbors—that's our theme for the winter.

## Reminders:

After a busy summer, we're tidying up our records in the office. We're on the audit bus and making sure we have your latest registration and insurance. Remember, it can be state or documentation, and Owl Harbor requires a 300k liability policy with Owl Harbor listed as an additional insured.

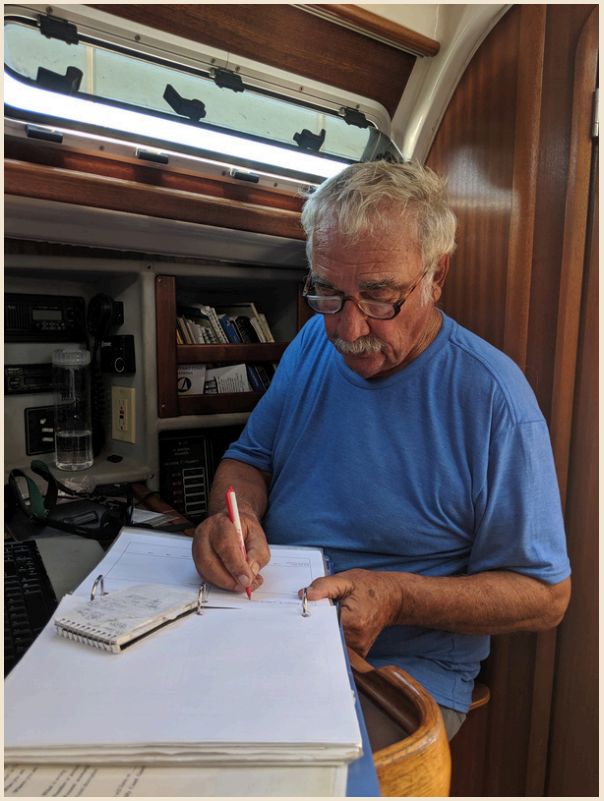

## Special Note:

We are planning a Celebration of Sid Abbott's life on Saturday, October 24th, 2pm at Owl Harbor Marina in the Sacramento Delta, 1550 West Twitchell Island Road, Isleton, CA.

We will have an opportunity to share our "Sid Times and Stories" – a sharing of Sid-Memories.
Feel free to bring potluck-type snacks or sweets to share. We will have water and possibly a wee bit of wine to toast this Sailor/Rocket Scientist Wonderful Guy.

Please let me know by October 14th if you are able to join us.
